

DR. CHARLES FLESH FOOD

APPLIED AS A COLD CREAM
ACTS AS A MEDICINE.

Wherever applied, its healing and nourishment is instantly absorbed by the pores. It strengthens and builds up the tissues underlying the skin. Firm, Healthy Flesh is the result.

DR. CHARLES FLESH FOOD is no new experiment. It has been used for more than fifty years and during that time thousands of women have used it with entire satisfaction.

That it is not to be classed with "Cold Creams" and other things of like superficial potency is proved by the fact that it is prescribed by leading physicians and used in hospitals for the nutrition of invalids whose stomachs are too weak to digest food.

DR. CHARLES FLESH FOOD should be used by every woman who has the least desire to be attractive. It is the only preparation that will build out hollowed, thin cheeks or scrawny neck with Firm, Healthy Flesh and Remove Wrinkles from the face and hands, no matter how deep the furrow.

FOR DEVELOPING THE IMMATURE BUST or to make the breast large and beautiful nothing can equal it. To prevent the breasts from sagging after weaning baby, mothers should always use DR. CHARLES FLESH FOOD. It will also restore a bosom to its natural contour and prevent loss through nursing and sickness.

ROJESTVENSKY HELD TO BE NOT GUILTY

of His Officers Condemned to Death—Will Probably Be Reprieved.

STONSTADT, Russia, July 10.—Admiral Rojestvensky, whose trial on the charge of surrendering to the enemy in the battle of the Sea of Japan was a court-martial here July 4, was acquitted today, after the court had deliberated for nearly ten hours.

Some of the officers who were tried with Rojestvensky were acquitted, their guilt not being proved. The recommendations for mercy in the case of Capt. De Cologre, chief of Rojestvensky's staff, Capt. Baranoff of the torpedo boat destroyer Bedovi, Filipovsky and Leontiev, who were found guilty and sentenced to be shot, were in accordance with the regulations and based on the physical and mental condition of the prisoners, produced by the long voyage and shock of the disaster in battle. They were also credited with a desire to save the life of Rojestvensky.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures strong, healthy body; but how many do we see who have inherited that curse of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the poisonous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which burst and become discharging ulcers, weak eyes, chronic Catarrh of the bladder, skin diseases, etc. This blighting disease being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and then lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no more of it is ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

ELKS' ANNIVERSARY.

Fifth Birthday of Ogden Lodge Appropriately Observed.

Special to The Tribune.

OGDEN, July 10.—The fifth anniversary of the institution of the Ogden lodge, No. 719 of the B. P. O. E., was held tonight in the rooms of the lodge. A number of the charter members were present and addressed the members briefly. Those who spoke were T. W. Jones, T. C. Foley, W. O. Stanley, Rudolph Kuchler, Postmaster Thomas H. Davis and Col. J. H. Knauss.

The addresses dwelt on the good of the order. Some of the speakers have suggested that the Elks had done many good things for the benefit of the public, especially the indigent. Mr. Kuchler asked that the members forget the good deeds they had done in the past and bend their efforts to do many greater things in the future.

Eddie Miller, the orphan boy, who weighs 240 pounds, was called on for an address and stated that the only thing that he could say was to express an endorsement of what Mr. Kuchler had said.

Special to The Tribune.

OGDEN, July 10.—A most pleasant party, composed of the members of the choir of St. Joseph's church and the Dramatic association, spent the evening at the Hermitage in Ogden canyon last night, the guests of Father Cushman. The Rev. Father extends a cordial invitation to all the children in the parish to be his guests Thursday, July 12, regardless of age, and to come with him to Glenwood park and enjoy a picnic. BELL TELEPHONE CUTS RATE ON TOLL LINES

Five-Cent Rate From Provo to All Towns in Utah County.

The Rocky Mountain Bell Telephone company has authorized a uniform rate of 5 cents from Provo for all towns in Utah county. This rate will be given to subscribers and the rate to transients will be 10 cents.

This reduction will make it necessary to build additional lines out of Provo, which is the pivoting point of Utah county. Seven thousand dollars will be expended in constructing these lines. The 5-cent rate will take effect as soon as these new lines are completed, and this work will be accomplished in ten or fifteen days.

Necessitates More Circuits.

With the reduction in Utah county comes the necessity of more circuits between Salt Lake City and Natch, A. No. 12 copper circuit will be put into service between these points, making three copper circuits in all on that line. This is in addition to the local circuits.

Extending Idaho Lines.

The Rocky Mountain Bell Telephone company has just completed the construction of its line from Twin Falls, Idaho, to Picher and Ruhl, a distance of twenty miles. This line within a year will be carried on through to Boise, giving the company a much shorter route from the Idaho capital to southern points.

cal sheets, is. The Tribune can positively state, absolutely without foundation, and it can be further stated that such a proposition was never up for consideration. It is true that Harry Isahub, proprietor of the Western Steam Laundry, has sold out his plant and business to the Troy laundry, but there was never any attempt to run the laundry trust, though Isahub has been continuously asserting the same for over a week.

Mr. Isahub explained the situation tersely: "The laundry is putting in a laundry of their own for the dining car and coach linen. The Stieners have a plant for the hotel, apartment and trade, and so my own laundry cannot survive. I had a chance to sell out and I sold."

MIND IS AFFECTED.

Charles Root Is Being Held by Police of Ogden.

Special to The Tribune.

OGDEN, July 10.—Charles Root, aged 39 years, was arrested this afternoon, charged with insanity, by Sergt. Pincock of the Ogden police force and Deputy Sheriff of the county, who had been made against Root on account of his apparently irresponsible actions. He was taken to the county jail, where he is being held, and it was found that he was suffering from disease.

Root was attended by County Physician S. S. Gordon and the disease is believed to have affected him mentally. Root is formerly from Soda Springs, Idaho, where he worked for a number of years. He will be held in the county jail for some days with the hope of affording him relief from his physical ailments. After that, if he does not improve, his mental balance, he may be committed to the State Mental hospital.

Michigan to California.

Special to The Tribune.

OGDEN, July 10.—Dan E. Wells, aged 31, of Los Angeles, and Miss Pence, 22, of Ogden, were married this afternoon. The ceremony was performed by Rev. J. H. Knauss, pastor of the First Methodist church. The couple will go to their home in Los Angeles at once, where Mr. Wells is in business.

Brief Mention.

Special to The Tribune.

OGDEN, July 10.—A bicycle collision occurred between a young man and a young woman going in opposite directions on Washington avenue this afternoon. Both were thrown to the pavement, but neither was hurt, and the young man saw that the girl was safely started on her wheel in her own direction, while he mounted and went the other way.

Thomas Lewis, former Sheriff of Salt Lake county, was in Ogden today for a few hours' business and leave tonight for Pocatello.

G. H. Earle and wife of Los Angeles, relatives of Matthias Hochliffe of the Ogden union depot arrived here today. Mr. Earle is in the real estate business in Los Angeles and Pasadena and went to Salt Lake this afternoon. He will visit the Yellowstone park and later will return to Ogden and take in the beauties of the wonderful gorge.
